Free Soda & DQ

With every purchase of "The Unlimited" package in May get a free unlimited soda and a medium DQ Blizzard. For real? Yes, we're serious. The package includes all-day play on attractions and non-ticket games at Action City for just \$40. The sprint cars outside can't be included because our mechanic gets mad at us, but the indoor karts are just waiting for you to ride and the bandit karts outside. (Love you, mechanic Rollie!)

Whether you want to go all out with play at Chaos and Action City for a birthday or just a family get-together you can now book your event on our website. The address is www.metropolisresort.com or click the image box above. You choose the day, time and package and we'll follow up with a confirmation call. Just one more way we're making life easier for our valued guests! Oh, and if you book your birthday online in May you'll get an additional guest for FREE.

Reward Employees and Great Customers

Here's your chance to be the best boss or friend ever. Action City is now offering corporate incentives for play.

Eau Claire, Chippewa Falls and Menomonie Chamber members, and Action City sponsors, can buy Fun Licenses at a discounted rate for a full day of play or 2 hours unlimited. You can then resell the cards at a higher cost for a silent auction, benefit, donation, or whatever you want. Or you can just give them away as "thank you's". All day play cards are just \$25 and 2 hours of play is just \$20, includes attractions and non-ticket arcade games (no sprint cars..remember Rollie gets mad). Minimum purchase of 10 cards required. Cards expire in 2020. Contact Benny for more information: benny@metropolisresort.com

Hey Ladies...

Want the newest and most trendy purse of the season without paying cash? Action City now carries Miche handbags in the redemption store! Buy a base and shell with tickets. If you're not familiar with Miche, it's only the best invention for ladies ever (of course, that's just my opinion, but as a woman who owns literally 65 purses, I feel I'm qualified to say that!) You can change the entire look of your purse in 10 seconds without dumping out your stuff, reorganizing and getting use to a new interior. Super simple and super fun!
